

By Donation Events

You may have noticed that some 'By Donation' events also require you to book a place. This started at the time we needed to socially distance, but has proved really helpful for some events. The Team and Council have discussed using this more widely as it really helps with limiting numbers (only when necessary), streamlining your arrival at events, relieving pressure on event leaders and saving time for the Team when processing payments - and it makes our new website work harder for us!

We will be phasing in booking across all 'By Donation' events from March 2022. We are offering a range of donation levels and, of course, that will always include £0 - so 'By Donation' does really mean that.

Unfortunately, due to the technicalities of the 'back end' of our website, we are not able to offer you the option to enter your own amount, however we have 'triallyed' this system for several months now and it seems to work well.

If you have any issues using this method, please do get in touch with us.
Many thanks

NBC Team
